

Senior Lecturer in Electrical and Computer Systems Engineering, Monash University, Australia.

Description

Employment Type: Full-time

Duration: 5 year fixed-term appointment

Remuneration: Level C

Location: Bandar Sunway, Malaysia

The Opportunity

We are seeking highly qualified candidates for the position of Senior Lecturer in School of Engineering. As the Senior Lecturer in Electrical and Computer Systems Engineering you will make significant contributions to all activities in the discipline through teaching, research and services. With a strong academic track record, the ideal candidate will possess a background in Power Engineering and/or Control Systems Engineering with a capacity to teach and research in this specialisation. The candidate must be eligible to register as Graduate Engineer with Board of Engineers Malaysia (BEM). For non-Malaysians with Bachelor of Engineering qualifications from non-Malaysian universities, professional qualifications recognised by BEM can be considered as equivalent to being registered as Graduate Engineer. The Senior Lecturer will have a doctoral qualification in the relevant discipline area or closely related field.

All applications must address selection criteria.

The Benefits

The appointment will be under Malaysian benefits, terms and conditions.

Position Description

Senior Lecturer in Electrical and Computer Systems Engineering

Enquiries and Applications

For general enquiries, please refer to FAQ. To apply, please send your cover letter, resume and key selection criteria document to recruit@monash.edu, and quote the job number.
