

Meet the New Student Associate Editor for the *Student Corner* Column

Tiago H. Falk, SMCS eNewsletter EiC

It is my great pleasure to welcome Mr. Oluwatosin “Tosin” Kolade to the SMCS eNewsletter editorial team! Tosin is no stranger to science communications and will bring a student’s perspective to the *Student Corner* Column, complementing the interviews we currently conduct with SMCS student members with some fun, educational, and/or humorous content so we can better engage with our student members.

Please join me in welcoming Tosin as the newest Student Associate Editor of the SMCS eNewsletter!

Biography:

Oluwatosin “Tosin” Kolade is a recent college graduate and hopes to transition to graduate school. He has an interest in complex dynamical systems and control. Ultimately, he hopes to work at the intersection of astronautics and robotics to build robots for environments that pose threats to human presence. He is also passionate about science communication and has contributed as an author for IEEE Spectrum, as well as supported the identification and development of newsworthy technical stories for publication. Within IEEE, he currently serves as a Co-Chair under the Student Activities Committee of the Robotics and Automation Society. More recently, he has also become involved with the IEEE Future Directions Telepresence Initiative and with the IEEE Systems, Man, and Cybernetics Society.
